

# **PLAN THE FUTURE OF THE EAST WARD Community Meeting**

**Newark is at a crossroads in its history. Important new development projects, significant civic efforts to generate neighborhood plans, and a new mayor elected on a platform of change have generated the momentum to bring about a new renaissance for the City of Newark.**

**Working closely with Mayor Cory Booker and his Administration, local partners, and planning, design and architecture professionals, Regional Plan Association has produced the Newark Draft Vision Plan, a report outlining a strategic vision for the City's growth. The City of Newark and RPA are partnering with civic leaders to convene a series of community stakeholder meetings to elicit feedback from the city's most important stakeholders – the citizens of Newark.**

**In addition, prior to the City/RPA presentation, Ironbound Community Corporation will present the community's waterfront park plan.**
